PROBLEM

India's MSMEs Generate 30% of GDP — But Are Running Blind, Burnt-Out, and Compliance-Broke

TIME TRAPPED

14+ hrs/week

Average owner spends 14+ hours per week on admin, compliance, and coordination — time that should go into growing the business, according to Gol.

CASH BURNED

₹3–10 Lakh

Cost of a single ESG/BRSR compliance report from a consultancy, burns the projected amount by our module this cost can be saved , plus the owner can identify the scores of framework

PEOPLE WASTED

40% of headcount

Nearly 40% of employees time in MSMEs is applied on rework, poor communication, and manual reporting , our module adds value creation of employees

And now: SEBI's BRSR mandate is trickling down the supply chain — enterprise buyers are requiring ESG disclosures from their MSME vendors.
